

Top 15 Pet Food Microwave Drying Oven Manufacturers Globally in 2024

Detail Introduction :

Introduction

1. Loyal——China
2. Japan Chemical Engineering Machinery Co., Ltd.——Japan
3. Fricke und Mallah Microwave Technology GmbH——Germany
4. TERALBA INDUSTRIES PTY LTD——Australia
5. Schniewindt GmbH Co. KG——Germany
6. WELDOTHERM ——Germany
7. COMPARATO NELLO S.R.L.——Italy
8. DACTEC Ltd——Ireland
9. Schaeffler Technologies AG Co. KG——Germany
10. Püschner——Germany
11. Summit Process Solutions——Southern African
12. Ispecc——U.K.
13. Thermex-Thermatron Systems——USA
14. Energy Beam Sciences, Inc——USA
15. AFRISO-EURO-INDEX——Germany

Conclusion

Introduction

In the ever-evolving pet food industry, the demand for advanced drying solutions has led to the emergence of cutting-edge manufacturers. As we delve into the top 15 globally recognized companies in 2024, each with a unique approach to pet food drying technology, we explore their founding years, company sizes, and delve into their main products, including Pet food microwave drying oven, Pet food industrial microwave dryer, Pet food microwave drying equipment, and Pet food microwave tunnel dryer.

1. Loyal——China

Established in 2005, Loyal has grown into a formidable force in the pet food drying equipment market. With a team of over 200 employees, the company focuses on innovative solutions. Loyal's main products include Pet food microwave drying oven, Pet food microwave dryer, Pet food microwave drying equipment, and Pet food microwave tunnel dryer.

Loyal Industrial complete microwave drying systems for several industrial processes. Microwave drying is quicker, and frequently more energy efficient than traditional methods like drying rooms and continuous drying ovens. Industrial Microwave Systems provide unique, patented, and specialized solutions for microwave heating and drying. LOYAL standard or modularized system designs are available using either 915 MHz or 2450 MHz. Industrial Microwave Systems patented designs apply power to achieve rapid microwave heating and drying for a multitude of products, processes, and applications. IMS also provides in-house product trials, technical microwave research, and product development from its R&D lab. Loyal Industrial also has a complete line of advanced 915 MHz microwave generators to support thawing of a wide range of meat processing and seafood fruit and vegetable products.
