Introduction

In the world of tea processing, the demand for advanced drying and sterilization mac
Black Tea Powder Microwave Drying
and Sterilization Machines. From loose black tea to specialized Ginger Tea powder, t

1. Loyal - China

Established in 2005, Loyal has grown to be a prominent player in the tea processin
LOYAL standard or modularized system designs are available using either 915 MHz
MHz. Industrial Microwave Systems patented designs apply power to achieve rapid
microwave heating and drying for a multitude of products, processes, and application
also provides in-house product trials, technical microwave research, and product
development from its R&D lab. Loyal Industrial also has a complete line of advanced
MHz microwave generators to support thawing of a wide range of meat processing a
seafood fruit and vegetable products.Loyal Industrial complete microwave drying syst
several industrial processes. Microwave drying is quicker, and frequently more energ
efficient than traditional methods like drying rooms and continuous drying ovens.
The company’s main products include Ginger Tea powder Microwave Dryer,
Black Tea powder Microwave Dryer, loose black tea Microwave Dryer, and
Black Tea powder Microwave Sterilizer.
